

The Directions to Terror in the Foothills:

From I-5 (either N or S) take the Hwy 2 exit East, cross the dreaded Hewitt Avenue Trestle and continue east up the hill on Hewitt (20th St SE). Don't bear north or you will end up in Frontier Village, and don't bear south or you will end up in Snohomish. GOT IT? Continue East across SR-9 (stop light). (If you are coming up or down SR-9 turn East on 20th).

Continue East to the S. Lake Stevens Road (stop sign), you will see the Tom Thumb Grocery on your left (good corn dogs). Continue East up the hill and down around the winding Williams Road to the Machias Cutoff (stop sign). Turn right and continue through "Greater Machias". You will be passing "Doc's Tavern" to the right. The first right is OK Mill Road (new bridge under construction). Turn here and continue east over the Pilchuck River. You will travel 1.6 miles until you see the turn to Newberg Road and Lake Bosworth. Bank left onto Newberg and follow it up the hill, through the "S" turns, past 14th Street NE and on to the FOURTH driveway on your LEFT. 1810 Newberg Road. You MADE IT.

Do not be intimidated by the apparent "rural" location of the ranch. We are a mere 11 miles (<20 minutes) from Interstate 5. A short and pleasant country jaunt.
